IEEE IWCIA2023   Call for Papers

Location:
Hiroshima Institute of Technology
Hiroshima Campus
(5-7,Nakajima-cho, Naka-ku,
Hiroshima, 730-0811, JAPAN)

General Chair:
Prof. Daisuke Hirotani
Prefectural University of
Hiroshima, Japan

Program co-Chairs:
Prof. Tatsuhiro Sakai
Hiroshima Institute of Technology,
Japan
Prof. Keiichi Tamura
Hiroshima City University, Japan

Publication co-Chairs:
Prof. Tohomoro Hayashida
Hiroshima University, Japan
Prof. Yutaka Sasaki
Hiroshima Univesity, Japan

Local Arrangement Chairs:
Prof. Tatsuhiro Sakai
Hiroshima Institute of Technology,
Japan
Prof. Shimpei Matsumoto
Hiroshima Institute of Technology,
Japan

Finance Chair:
Prof. Yutaka Sasaki
Hiroshima University, Japan

Committee Members:
Prof. Akira Hara
Hiroshima City University, Japan
Prof. Fuminori Kimura
Onomichi City University, Japan
Prof. Kousuke Kato
Hiroshima Institute of Technology,
Japan
Prof. Yukinobu Hoshino
Kochi University of Technology,
Japan
Prof. Shingo Mabu
Yamaguchi University, Japan
Prof. Shinya Sekizaki
Hiroshima University, Japan
Prof. Takashi Matsui
Prefectural University of
Hiroshima,Japan
Prof. Shin Kamada
Hiroshima City University, Japan

2023 13th International Workshop on
Computational Intelligence and Applications
IEEE IWCIA2023
November 11-12, 2023
Hiroshima, Japan

Sponsored by IEEE SMC Hiroshima Chapter and
Co-sponsored by IEEE Hiroshima Section

https://www.ieee-jp.org/section/hiroshima/chapter/SMC-28/iwcia2023e/

IWCIA2023 is seeking high quality submission in the broad field of computational intelligence technologies and applications such as Artificial Neural Networks, Evolutionary Algorithms, Swarm Intelligence, Artificial Immune Systems, Ant-colony Optimization, and Fuzzy Systems. The main goal of IWCIA2023 is to provide the scientific researchers and engineers with a vehicle where innovative technologies of computational intelligence could be discussed.

> The topics of interest include, but are not limited to:
> Neural Networks, Deep Learning, Optimization, Multiobjective Optimization, Evolutionary Computation, Swarm Intelligence, Reinforcement Learning, Big Data Technology, Decision Making, Fuzzy Theory, Affective Computing, Parallel Processing, Internet of Things, Computer Networking, Cybernetics, Robotics, Computer Education and E-learning, Medical Informatics

Papers must be prepared at the highest level of quality for inclusion in the conference proceedings. All papers must be: written in standard English and prepared in compliance with the paper formatting template. The maximum page limit is 6 inclusive of figures and tables. Papers must be prepared using an IWCIA2023 formatting template for papers.
All submitted manuscripts are sent to two or more reviewers who evaluate them for originality, validity, novelty, methodology, correct citation of relevant work, and the importance of content and conclusions.

Proposal for Special Session Proposals:
The following information should be included in the proposal:
- Title of the proposed special sessions;
- Names/affiliations of the organizers
    (including brief bios and contact info);
- Session abstract (1 page) addressing why the topic of the session is important and interesting for IWCIA delegates, as well as the session's target audience and key messages
- List of authors committed to submit paper (including a tentative title).

Important Dates(extended):

June 12, 2023: Proposal for Special Session
June 26, 2023: Acceptance/Rejection Notification of Special Session
August 14, 2023: Deadline for submission of full-length papers.
September 19, 2023: Acceptance/Rejection Notification.
October 9, 2023: Final camera-ready papers due in electronic form.

VISIT Hiroshima (Hiroshima Information):

IWCIA2023 will be held in Hiroshima city. Hiroshima Prefecture is located in the southwestern part of the Japanese islands. It is rich in the natural beauty of the Inland Sea and the Chugoku Mountains, with mountains, sea, rivers, valleys, plains, basins that characterize Japan's landscape. In Hiroshima, there are two World Heritage Sites. One is Itsukushima Shrine and the other is the A-Bomb Dome of the Hiroshima Peace Memorial.
