

The 20th IEEE Hiroshima Student Symposium

~Ideas for the future~

November 17-18, 2018
in Tottori

Sponsored by IEEE Hiroshima branch

Introduction to HISS

This time, IEEE Hiroshima branch will be held the 20th IEEE Hiroshima Branch Student Symposium (HISS). HISS is an event, "for society by student" mainly planned and managed by the students.

About the IEEE

IEEE (Institute of Electrical and Electronics Engineers) is an academic organization about the electric technique. We are active in the development of human society and improvement of the specialized knowledge in fields such as electronic technic, communication, computers, medicines, and biology. There are more than 100,000 students in over 160 countries. These student members contribute to the growth and vitality of the IEEE.

Symposium Date and Location

Date: November 17 and 18, 2018

**Place: Faculty of Engineering and
Faculty of Agriculture,
Tottori University**

Position: 4-101 Koyama-cho Minami, Tottori 680-8550

Technical Presentation

In this symposium, we will provide Technical Presentation as a place for student presentations. The Technical Presentation is the announcement method which the exchange of opinions can be done between a general participants and the presenter. Presenters can also demonstrates using various research equipment in addition to using poster presentations (poster sessions), and fully research appeal.

Submission of Paper

Those who participate this symposium, you need to register the information on your paper first. Registration contents include "title of a research", "author", "field" and "summary (about 300 words)". For that summary, please write down clearly and simply. Then, after registering information, you need to submit a paper for review before **25th August**. Your paper will be selected depends on peer reviews. Finally, the selected authors must submit "the final thesis (camera-ready)" before **October 19th** in consideration of the comments from the reviewers and do a technical presentation at the venue based on "the final thesis (camera-ready)" within two days.

HISS Awards

The IEEE Hiroshima Branch Students Symposium will be developing students so that they can act voluntarily and tell their own ideas and research results clearly to people, and we have established an award systems. In English session, we will provide the HISS English Presentation awards.
