

The 21st IEEE Hiroshima Section Student Symposium

~From HEISEI To REIWA~ – One Step to New Era –
November 30th – December 1st 2019
in Soja Okayama

Sponsored by IEEE Hiroshima Section

Introduction to HISS

This time, IEEE Hiroshima section will be held the 21st IEEE Hiroshima Section Student Symposium (HISS). HISS is an event, "for society by student" mainly planned and managed by the students.

About the IEEE

IEEE (Institute of Electrical and Electronics Engineers) is the world's largest technical professional organization dedicated to advancing technology for the benefit of humanity. IEEE and its members inspire a global community through its highly cited publications, conferences, technology standards, and professional and educational activities. There are more than 123,000 student members in over 160 countries. These student members contribute to the growth and vitality of IEEE.

Symposium Date and Venue

Date : November 30th and December 1st, 2019

Venue : Okayama Prefectural University

Address : 111 Kuboki, Soja-shi, Okayama 719-1197

Technical Presentation

In this symposium, we will provide Technical Presentation as a place for student presentations. The Technical Presentation is the announcement method which the exchange of opinions can be done between a general participants and the presenter. Presenters can use various research equipments during Technical Session. In International(English) Session, the presenter makes a poster in English. During Technical Session, the presenter describes his/her poster in English.

Paper Submission

Those who participate this symposium, you need to register the information on your paper first. Registration contents include "title of a research", "author", "field" and "summary (about 300 words)". For that summary, please write down clearly and simply. Then, after registering information, you need to submit a paper for review before **August 26th**. Your paper will be selected depends on peer reviews. Finally, the selected authors must submit "the final manuscript (camera-ready)" before **October 25th** in consideration of the comments from the reviewers and do a technical presentation at the venue based on "the final manuscript (camera-ready)" within two days.
