The Membership Development Committee has actively pursued the following projects to increase the number of IEEE members in the Kansai Section in corporation with Nomination Committee.

1. MDC organized two MDC, SAC and YP joint workshops on May 17, 2019 and December 16, 2019 to advertise and share the benefits of IEEE membership and to make a smooth transition for students from student membership to standard membership when graduated.
2. MDC periodically reviewed the membership statistics in major organizations (companies and research institutes) and shared them with the MDC members who are from those organizations.
3. MDC is continuously supporting the scheme to increase the number of Senior Members in the Kansai Section. Those IEEE members who wish to be a senior member can contact MDC and get quick and precise assistances. The application instructions for Senior Member grade on the section’s website were revised and became more informative, resulting in the number of newly elevated senior members in our section in a year became ten.
