

**Special Section on  
Recent Progress in Electromagnetic Theory and Its Application**

*The IEICE (Institute of Electronics, Information and Communication Engineers) Transactions on Electronics* announces a forthcoming special section on Recent Progress in Electromagnetic Theory and Its Application to be published in **January 2015**.

The purpose of this special section is to present a collection of original papers that give an overview of recent progress of research and development in electromagnetic theory and its applications, including those related to the papers presented at the 2013 Symposium on Electromagnetic Theory, held in Aomori, Japan on November 14-16, 2013. It also shares the scope with the international symposia and meetings: 2013 AP-S and URSI, PIERS 2013, ISAP2013, EMTS 2013, and APSAR 2013. Presentations in these symposia and meetings are also considered to be part of this special section and submission is highly encouraged.

**1. Scope**

The major topics of interest include, but are not limited to: Electromagnetic Theory (Basic Electromagnetic Theory), Radiation and Propagation (Mobile and Indoor Propagation, Earth-Space and Terrestrial Propagation, Tropospheric and Ionospheric Propagation), Phenomenology in Electromagnetics, Scattering and Diffraction, Radar Cross Section (RCS), Antenna Theory, Remote Sensing, Signal Processing, Mathematical Analysis Theory and Its Applications, Periodic and Band-Gap Structures, Numerical Methods, Computational Electromagnetics, Random Media and Rough Surfaces, Complex/Artificial Media and Metamaterials, Electromagnetic Compatibility, Transients and Time-Domain Techniques, Medical Applications and Biological Effects, High-Frequency and Asymptotic Methods, Inverse Scattering and Inverse Problems, Microwave and Millimeter Waveguides and Optical Waveguide, Photonics and Non-linear Problems, and Others.

**2. Submission Instructions**

The deadline for submission is **April 4, 2014**. Types of manuscripts for this special section are only PAPER and BRIEF PAPER. Manuscript should be prepared according to the style guidelines in the Information for Authors attached to the IEICE Transactions on Electronics. The style guidelines are also available at [http://www.ieice.org/eng/shiori/mokuji\\_es.html](http://www.ieice.org/eng/shiori/mokuji_es.html). The page length should not exceed 8 printed pages for PAPER and 4 for BRIEF PAPER.. The term for revising the manuscript after acknowledgement of conditional acceptance for this special section could be shorter than that (60 days) for regular sections because of the tight review schedule.

*Please note that if accepted, the author of each paper including invited ones is requested to pay the page charges covering partial cost of publications.*

In this special section, the electronic submission is adopted. Prospective authors are requested to follow carefully the submission process described below.

- (1) Submit a paper using the IEICE Web site [https://review.ieice.org/regist\\_e.aspx](https://review.ieice.org/regist_e.aspx). Authors should choose the “[Special-EC] Recent Progress in Electromagnetic Theory and Its Applications” in the “Type of Issue (Section)/Category of Transactions” on the online screen. Do not choose [Regular-EC].
- (2) Send “Copyright Transfer and the Page Charge Agreement” and “Confirmation Sheet of Manuscript Registration” to

**Prof. Koichi Hirayama**

**Dept. of Electrical and Electronic Engineering, Kitami Institute of Technology**

**165 Koen-cho, Kitami, Hokkaido, 090-8507, Japan**

**E-mail: [hirakc@mail.kitami-it.ac.jp](mailto:hirakc@mail.kitami-it.ac.jp), Phone : +81-157-26-9285, Fax: +81-157-26-9260**

by E-mail, FAX, or postal mail. Please do not forget to send “Copyright Transfer and Page Charge Agreement” and “Confirmation Sheet of Manuscript Registration”. We cannot start the review process without them, even if we receive the manuscript.

**3. Editorial Committee of the Special Section on Recent Progress in Electromagnetic Theory and Its Applications:**

*Guest Editors:* Hiroshi Shirai (Chuo Univ.), Motoyuki Sato (Tohoku Univ.)

*Secretaries:* Koichi Hirayama (Kitami Inst. of Tech.), Toshihiko Shibasaki (Tokyo Metro. College of Indust. Tech.)

*Associate Editors:* Yoshiaki Ando (The Univ. of Electro-Communications), Keiji Goto (Nat'l Defence Academy of Japan), Takuichi Hirano (Tokyo Inst. of Tech.), Yoshio Inasawa (Mitsubishi Electric Corp.), Tatsuya Kashiwa (Kitami Inst. of Tech.), Michiko Kuroda (Tokyo Univ. of Tech.), Norimasa Nakashima (Fukuoka Inst. of Tech.), Shinichiro Ohnuki (Nihon Univ.), Ryoichi Sato (Niigata Univ.), Masahiro Tanaka (Gifu Univ.), Tetsuya Ueda (Kyoto Inst. of Tech.), Koki Watanabe (Fukuoka Inst. of Tech.)

**[IMPORTANT NOTICE]** At least one of the authors must be an IEICE member when the manuscript is submitted for review. Invited papers are an exception. We recommend that authors unaffiliated with IEICE apply for membership.

For membership applications, please visit the web-page, <http://www.ieice.org/eng/member/OM-appli.html>.
