IEEE Metro Area Workshop in Tokyo, 2015

- ICT technology vision toward 2020 -

May 15 Fri – 16 Sat

Nishi-Waseda Campus, 55 bldg. Waseda Univ.
早稲田大学 西早稲田キャンパス SS5号館
http://www.sci.waseda.ac.jp/access/

Special Session for Students, IEEE Young Professionals, IEEE Women in Engineering

9:30~10:00 Welcome Address
Hidenori Nakazato, Chair, IEEE Japan Council Student Activities Committee
Takako Hashimoto, Chair, IEEE Women in Engineering

10:00~11:00 Young Professionals / Women in Engineering
Organizer: Koijiro Nishimoto, Schlumberger

- Large scale computing experience based on "singularity" realization topic and breakthrough technology expectations
- Network field OSS activities and standardization
- Let's aim for Global Experts! IEEE802 standardization meeting is a treasure of resources
- "GOLD = Young Professionals = Priceless"
- Concept of Immersive Telepresence "Kirari!"
- "Innovative experience", "information accessibility", and "sense of participation"

13:00~15:00 Session 2 Automotive
Organizer: Atsushi Murase, NTT

- Overview of Authorship Workshop and Introduction to IEEE Publications
- Concept of Immersive Telepresence "Kirari!"
- Trends of M2M/IoT Solutions in Mobile Communication Systems and the Next Generation 5G System
- "Innovative experience", "information accessibility", and "sense of participation"

15:30~17:30 Session 4 Standardization
Organizer: Hidenori Harasaki, NEC

- Standardization; an alternative exit and carrier path
- Let's aim for Global Experts IEEE802 standardization meetings are excellent opportunities
- OSS activities and standardization in networking technologies

18:00 to 20:30 Reception
